

WARNING

Sounded To America By
Ambassador Herrick

National Calamity If Specu-
lation Not Guarded Against

Washington, Oct. 4.—A warning to the American people that the great benefits of cooperative credit may be turned into a national calamity if speculation is not guarded against by wisely considered legislation and strict government supervision has been sent by Ambassador Myron T. Herrick to the State Department, in connection with the report which he is making as a basis for President Taft's effort to establish cooperative credit in the United States for the benefit of the American farmer.

"I realize," writes Ambassador Herrick, "that the agitation of the financial phase of the agricultural question has undoubtedly brought many people into the field who only see here an opportunity for creating a security which will have a wide market. Of course we can not prohibit them from entering this field and organizing under present laws, but I would urge that a timely reminder be given to the people, recalling the infinite harm that came to our country from the exploitation of Europe in our early days of railroad building, with railway securities of unlimited issue, unchecked by any State restrictions."

"There was also the land mortgage craze of some 25 or 30 years ago, conducted with unbridled license. There were, indeed, in that movement certain companies, honest and well meaning but lacking in judgment. Others, however, counted upon the cupidity of the public and victimized the investor to such an extent that land mortgages have been a stench in the nostrils of the investor ever since."

"The plan which I am now at work upon by direction of President Taft is of the greatest magnitude. It affects every individual in the United States. It is essential that the government, both Federal and State, assume due responsibility and thus prevent a recurrence of these errors of the past. This field must not be permitted to be overrun by irresponsible people without check of legislation."

"The study which we have made of the cooperative and mortgage systems of Europe has demonstrated beyond question that these organizations, with or without state aid, but all inspected and carefully guarded by the state, have resulted in financing in the most satisfactory way, the agricultural interests of all Europe. It has demonstrated as well that these systems may be adopted in the United States and that we may even, with the experi-

ments of Europe to guide us, vastly improve upon the European systems and do for the American farmer what has been done for the European farmer—create a ready market for agricultural securities at low rates of interest and with unburdensome amortization and thus afford a natural increase and, in some cases, double the production of his soil."

ENROLLMENT

In Public Schools At End Of
The First Month

Is The Largest In Its History
...Much Out-Door School
Work Being Done

The public schools again closed the first month with the largest enrollment in its history. The total enrollment at the close of September is 1,762. For the first month last year it was 1,643. The high school has 59 more than last year making its total 461.

The next largest enrollment is in the First Ward building which has a total of 357 this year and last year had 300.

Teachers of the elementary schools have made 513 calls at the homes of parents, and 131 visits have been made by parents and others.

No report was made at the close of the first month to parents of elementary pupils.

The following are statistics for this year and last:

	1911	1912
Total enrollment	1643	1762
Average attendance	1598	1718
Chases of tardiness	45	74
Percent of Attendance	95	99
Percent of Regularity	76	77
Tardiness of Teachers	5	4
Visit to Parents	624	513
Visitors	101	131

The enrollment by schools:

	1911	1912
High School	402	461
First Ward	300	357
Second Ward	69	64
Third Ward	300	301
Fourth Ward	282	301
Davis Building	136	144
Central Building	156	124

The out-door school work in the primary grades has been interesting to all and successful. Much of the work has been done in the form of games invented by the teachers.

It will probably not be many years until a large part of a school's tasks will be done in the open air.

"UNION MAIDS" LATEST FAD IN CLEVELAND

Cleveland, O., Oct. 4.—Dishpan, broom and duster were deserted in Cleveland households today. Bridget was out. It was no ordinary Thursday afternoon off, either. Bridget was asserting her independence, thoroughly resolved that when she returned she would bear a union card in her fist.

"Union maids" are to be introduced in Cleveland. Successors of "slavery" of 20 years ago are not satisfied with conditions. Hours are too long and wages too low, they say.

They have determined to unionize. A temporary organization, which embraced 75, was perfected some time ago. The 75 have been quietly spreading the word among their friends, and Bridget, with her cousins and sisters and her aunts met at Bohemian Hall, Quincy avenue and East Eighty-eighth street, yesterday.

Harry D. Thomas, secretary of the Federation of Labor, presided and formed the union. The union will affiliate with the Federation of Labor and demand a seventy-hour week and the adoption of a wage scale proportionate to the size of the family served. It is probable that a minimum wage scale of \$5 a week will be decided upon. Miss Ella Bernhardt was chosen President.

SEVERE

Injury Sustained By Employee
Of Cooper Works

William Doughten, an employee at the C. & G. Cooper Works, was badly injured while working at a machine Thursday afternoon. He was adjusting a piece of work when a sharp chisel was driven into his right forearm and between the bones. A large artery was severed and blood flowed freely from the wound. A physician was summoned and the wound was dressed.

CLASS

Of Eight Received Into The
Elks Thursday Evening

At a special meeting of Mt. Vernon lodge, No. 140, B. P. O. Elks held Thursday evening a class of eight was received into the order. Following the work a very pleasant social session was held.

SERIOUSLY

Injured Was Mrs. Thomas
Phillips In A Fall

Mrs. Thomas Phillips fell from the rear porch at her home on East Gambler street Thursday night at 10 o'clock and was badly injured. She stepped to the edge of the porch to pick up something and slipped. When she fell to the ground, a distance of about four feet, several ribs on the right side were fractured. A physician was called to the house and the fractures were reduced.

Washington, D. C., Oct. 5.—The most distinguished Masonic gathering of an international character that has ever met in the United States will assemble in this city next week for an international conference of supreme councils of the fraternity. The foreign delegates, a number of whom arrived in the city today, include Masons of the highest degree from France, Italy, Belgium, Greece, Egypt, Mexico, Switzerland and from several of the countries of South America and many of the larger cities of Canada.

MISSIONARY SOCIETY

Gay Street M. E.

There was a large attendance at the October meeting of the W. F. M. S. on Friday at the Gay Street M. E. church. Mrs. Philter directed the devotional service. New officers were installed and the year's work opened with a program on "Tithing" in charge of Mrs. Kelsner. Mesdames Cheyney, Branjan and Conard read on the general subject from different viewpoints, and the following special phases were considered:

God's Tenth—Mrs. Berger.

Uncle Ball's Feelings—Mrs. C. C. Dowds.

Generosity—Mrs. Clugh.

The Divine Privilege of Partnership—Miss Crumley.

Convictions and Experience—Mrs. Winter.

My Gift Box—Mrs. Park Blair.

"My Daughter Shall Weave"—Mrs. Geo. Hobbs.

Rewards of Giving—Mrs. M. J. Stephens.

Mrs. Pusey, who has served as a missionary in South America and as a government teacher in Alaska talked interestingly of the work in those fields. Two new members were added to the society.

During the social hour refreshments were served by Mesdames Berger, Scarbrough, Vail, Calwell, Belt and Kennedy.

FOR THE HUMAN SYSTEM
